Task 3 (Explore Coding & Collaboration Platforms)

T

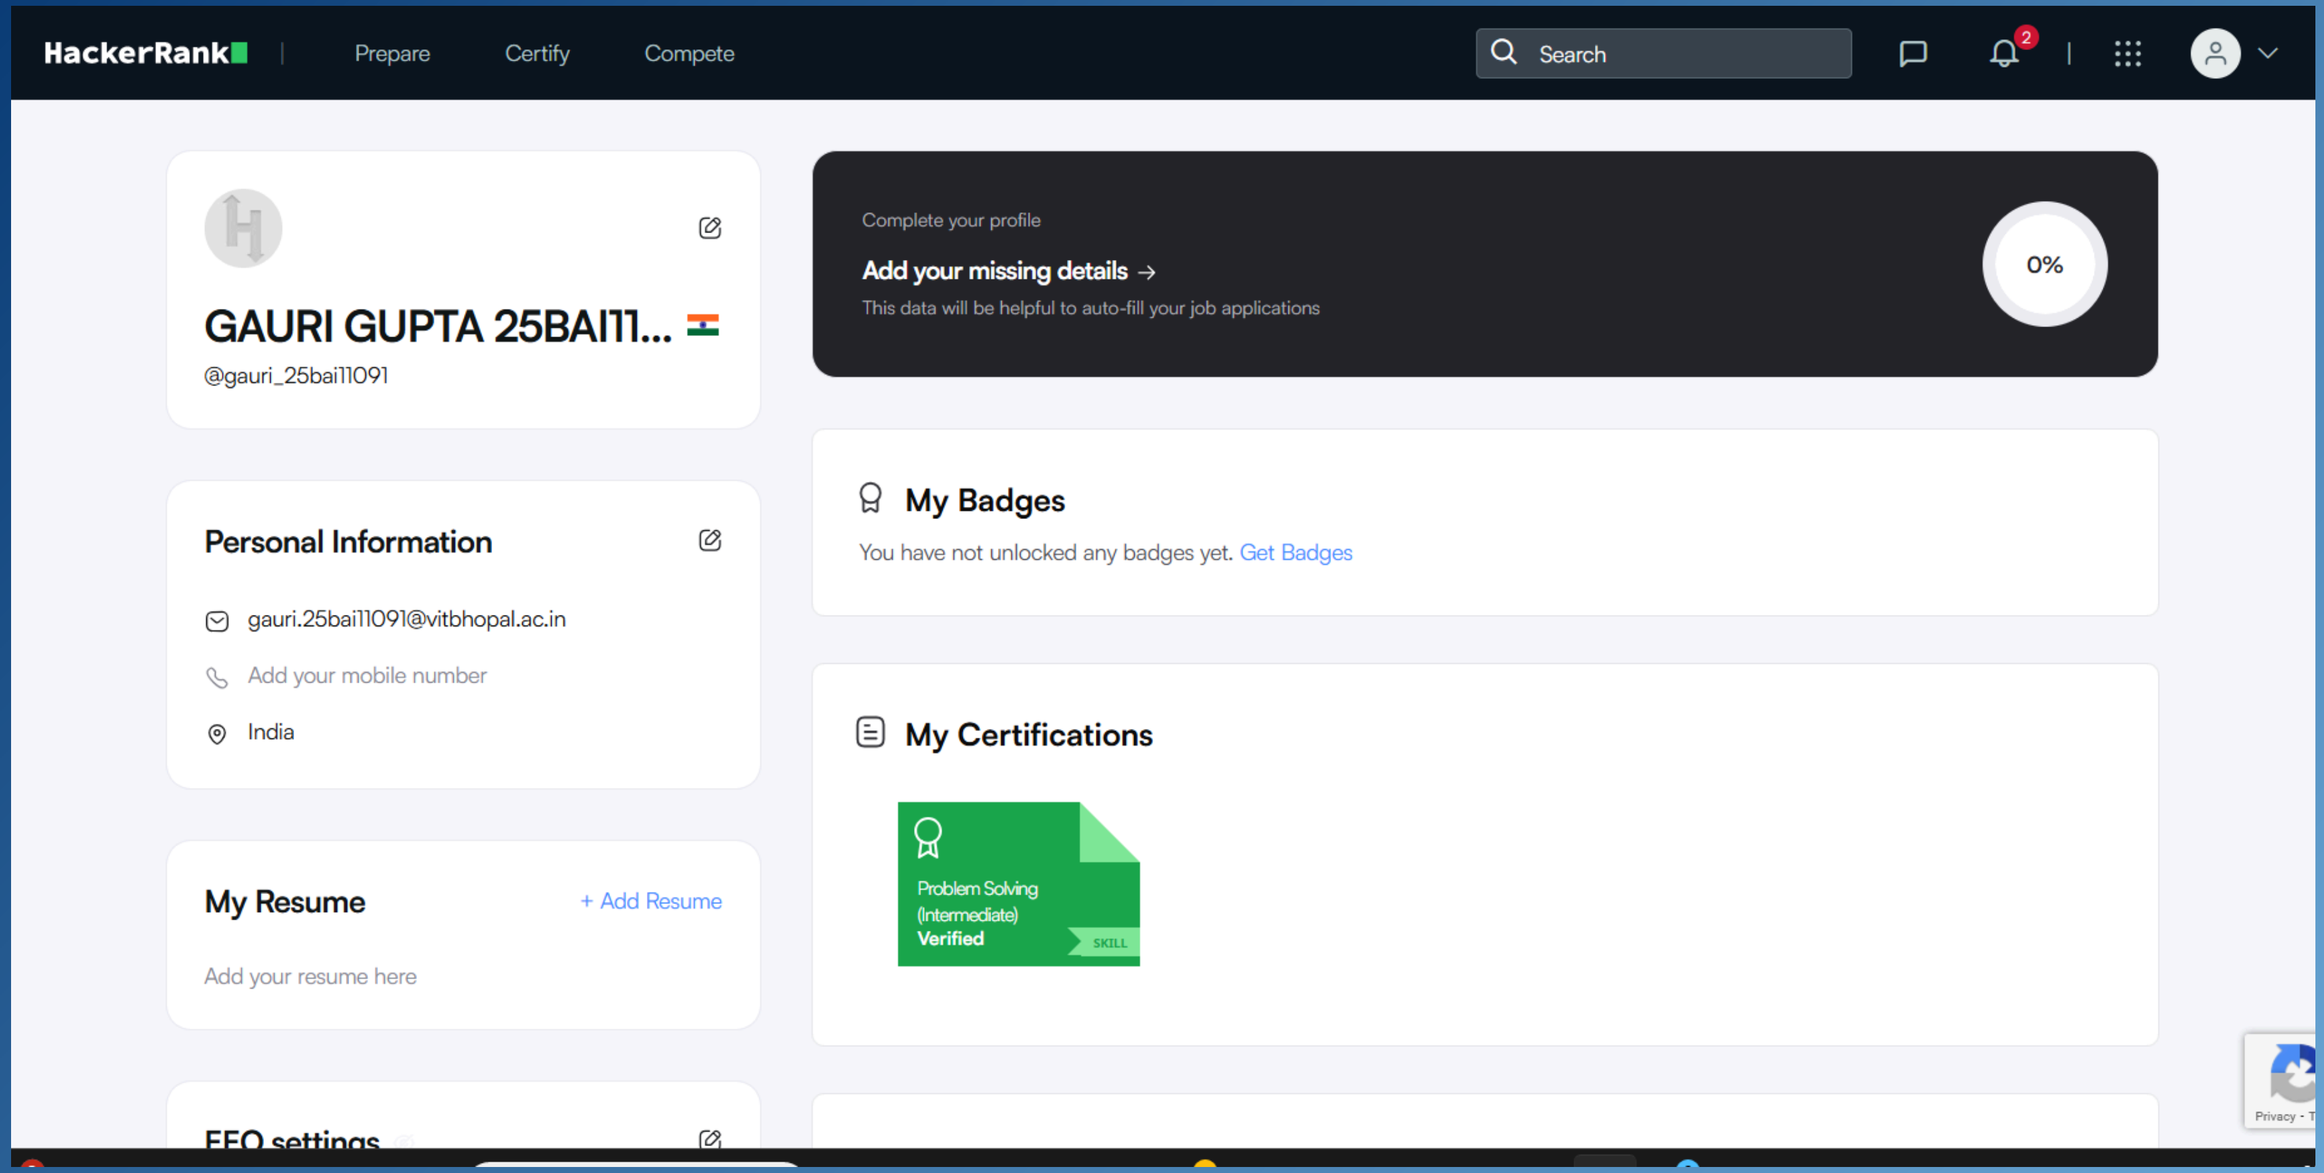
Part-A

- Create an account on HackerRank, CodeChef, or HackerEarth. (any one)
- Complete at least one beginner-level challenge or skill test (e.g., HackerRank's 'Solve Me First' or the Python Introduction challenge).
- Take a screenshot of your completed challenge and the badge/score (if any). Add it to task-3-platforms/.

Part-B

- Create a Google Form with exactly 5 questions that could be used as a 'Digital Literacy Awareness Quiz' for your batchmates.
- Include at least one multiple choice question and one short answer question.
- Share the form link in your README and add a screenshot of the form and the linked Google Sheet (response view) to task-3-platforms/.
- In your project report, write 150–200 words on: what platform(s) you used, what you built or practised, and how these tools will help you academically.

Part-A: Coding



Part-A: Collaborating Platforms

Digital Awareness Quiz

This quiz is designed to test basic knowledge of digital literacy, online safety, and responsible internet usage. It helps students understand how to use digital tools effectively and stay safe online.
